

Kaunas University of Technology is the largest technical university in the Baltic States. The mission of KTU is to be an important part of the global university community and one of the most significant centres of the Lithuanian science, to be involved in the development of the information and knowledge society, and to aim for excellence through diversity. Research and research-based studies are the basis of the University's activity. In the project, KTU is represented by the Institute of Educational Studies which is a department of the Faculty of Social Sciences, KTU, which will closely collaborate with the Municipality of Kaunas and its Department of Education.
